

TANYA GUPTA

Data Analyst

+91-6205190709 tanyagupta650@gmail.com linkedin.com/in/tanya-gupta-015546251 Bengaluru, India

PROJECTS

Quick Bite Food Delivery Dashboard (Power BI)

- Developed an interactive Power BI dashboard analyzing 5,000+ food delivery records.
- Created 10+ KPIs, including revenue, total orders, average delivery time, and customer ratings.
- Designed interactive reports using Power Query, DAX, slicers, filters, and drill-through for faster business insights.

Grocery Store Sales Dashboard (Power BI)

- Developed an interactive dashboard to analyze, interpret, and present business data, supporting data-driven decision-making.
- Generated 8+ interactive visuals and KPIs to track monthly sales trends and top-performing products.
- Used Power Query for data cleaning and DAX for calculated measures.

Online Book Store Analysis (SQL)

- Data analysis using joins, subqueries, aggregate functions, and window functions
- Generated reports on sales, customers, and bestselling books
- Extracted business insights using SQL queries

Sales Data Analysis (Python)

- Visualized sales trends for 5,000+ sales records using Matplotlib to identify monthly and seasonal patterns.
- Generated actionable insights through exploratory data analysis to support data-driven decision-making.

TECHNICAL SKILLS

Languages

SQL Python

Data Visualization Tools

Power BI Microsoft Excel Google Sheets

Database

MySQL

Power BI

Power Query DAX Data Modeling Data Cleaning

Excel

Pivot Tables VLOOKUP/XLOOKUP Charts

SUMMARY

Entry-level Data Analyst graduated with a Bachelor's degree in Computer Science & Engineering. Skilled in SQL, Python, Power BI, and Excel with strong communication, problem-solving, attention to detail, and presentation skills.

EDUCATION

Bachelor of Engineering (Computer Science & Engineering)

CGPA

8.24 / 10.00

Sathyabama Institute of Science and Technology

2021 - 2025

- Relevant Coursework: Data Structures, Algorithms, Object-Oriented Programming, Database Management Systems

CERTIFICATIONS

Power BI Certification

Skill Course E-Learning

SQL Certification

Skill Course E-Learning

Core Python Certification

Cisco Networking Academy

KEY ACHIEVEMENTS

- Developed 4 end-to-end data analytics projects using SQL, Python, and Power BI.
- Created interactive dashboards for sales and customer analysis.
- Solved SQL problems involving joins, window functions, and aggregations.
